

EURid is the Belgian-based not-for-profit organisation selected by the European Commission to operate the .eu TLD (Top Level Domain). Since its public launch in December 2005, .eu has rapidly assumed its place as Europe's third largest domain and has more than 3 million registered domain names.

EURid is headquartered in Diegem, and has satellite offices in Sweden, the Czech Republic and Italy. Our young organization employs people from all over the European Union and is the perfect arena for self-motivated professionals looking to be challenged and stimulated in their working environment. For our office in Diegem we are currently looking for:

Sr Developers (m/f)

Description:

As a Sr Developer, you will be responsible for the design, development and implementation of software applications.

Your main tasks and responsibilities will include:

- Analysis of business requirements
- Software development in Java
- Development of user interface and data modules
- Testing and debugging
- Documenting developed applications
- Code review and maintenance

Profile:

- You have a university degree in computer science or equivalent by experience
- You have a relevant work experience of more than 5 years as a developer
- You have an in-depth knowledge of Java technology
- You are experienced with Spring, HTML, CSS, Ajax, JQuery, Junit, Linux, JIRA, Maven
- You have knowledge of Oracle and SQL
- You are a team-worker, but able to work independently
- You are fluent in English and either Dutch or French

What we offer:

EURid offers you a challenging job in a high technical environment. Please send your details to jobs@eurid.eu or contact Els Verstappen at +32 (0)2/401.27.50 for more info.
